ITEM 項目	DESCRIPTION 描述	UNIT PRICE 單價																																																																																										
	鷹網沙井管理系統 I-Vision Manholes Management System																																																																																											
1	移動偵測器 Movement Detector Unit																																																																																											
	- 室內傳感器 In Door Sensor x 1	1,000																																																																																										
	- 室外傳感器 Outdoor Sensor x 1	1,500																																																																																										
1a	安裝費 (每日價, 按實際安裝日數收費) Installation Charge (Daily price is charged based on the actual number of installation days)	4,000																																																																																										
2	網關控制台 Gateway consoles	60,000																																																																																										
	- 電視 TV 1pcs																																																																																											
	- 控制台 consoles 1pcs																																																																																											
	- 警告提示裝置 1個 Warning device 1pcs																																																																																											
	- LoRa網關 LoRa Gateway 1pcs																																																																																											
	- 不斷電系統(4-5個小時) Ups (Uninterruptible power supply 4- 5 Hour)																																																																																											
	- 位址(手動輸入) Address(manual input)																																																																																											
	- 支援網絡 3G/4G/5G/WIFI Support Network 3G/4G/5G/WIFI																																																																																											
	- 提供4G無限上網電話卡(每套一張) Provide 4G unlimited Internet SIM card (one per set)																																																																																											
	按實際環境定所需數量 - 網關控制台 Determine the required quantity based on the actual environment and gateway console																																																																																											
3	管理軟件 Management Software	120,000																																																																																										
	- 管理應用系統 Management Application System																																																																																											
	- 4G 無線路由器 4G Wireless Router																																																																																											
	- 警告提示裝置 1個 Warning device 1pcs																																																																																											
	- 提供4G無限上網電話卡(每套一張) Provide 4G unlimited Internet SIM card (one per set)																																																																																											
	- 服務器電腦 Server Computer																																																																																											
	CPU : E-2224G Processor																																																																																											
	8G Ram																																																																																											
	1TB Hard Disk																																																																																											
	- 安裝費 Installation Charge																																																																																											
	接線安裝 Wiring Installation																																																																																											
	硬件安裝 Hardware Installation																																																																																											
	備註: 提供一年產品保養 Remark: 1 year Product Warranty 適用於: 本公司職員由安裝、維修、拆卸, 不包括人為損壞, 及自行組裝或拆卸。 (Applicable to installation & service by our technical staff only)
