Item	Description	Qty	U/Price	Period																																																																									
<b>Provision of Syn.AI Moving Site Vehicle Anti-Collision Gateway</b>																																																																													
Project Code:																																																																													
Project Title: Tung Chung																																																																													
<b>Part A: Hardware</b>																																																																													
A1	Syn.AI M729BT Mobile RFID Controller with Battery - RFID Signal Receive and Transmission - 4G/ Wifi Connectivity - Pre-Installed Syn.AI Moving Site Vehicle Anti-Collision Apps - Outdoor Flashing Light with buzzer	10 Nos	\$ 250.00	12 (Months)																																																																									
A2	Syn.AI 6th Sense Anti-Collision Sensor	20 Sets	\$ 400.00	12 (Months)																																																																									
A3	Syn.AI Hybrid Power RFID Tag with Battery - Solar Power & Rechargeable Battery - Water Proof - Energy Saving Mode - SOS Alarm - 100 mm x 35mm x 15mm	50 Nos	\$ 200.00																																																																										
<b>Part B: Software</b>																																																																													
B1	Syn.AI Moving Site Vehicle Anti-Collision Gateway - Worker Name./ Plant Name/ Date/ Time Collision Notification - Logging Report	1 Lic	\$ 860.00	12 (Months)																																																																									
B2	Syn.AI Moving Site Vehicle Anti-collision Mobile Apps (Supervisor Version) - Worker Name./ Plant Name/ Date/ Time Collision Notification	1 Lic	\$ 240.00	12 (Months)																																																																									
B3	Syn.AI Moving Site Vehicle Anti-collision Mobile Apps (Driver Version) - On Screen Warning Signal - Offline Capability	10 Lic	\$ 240.00	12 (Months)																																																																									
B4	Syn.AI Smart Helmet Enrollment Gateway - Integrated with CWRG - Smart Helmet Enrollment - Batch Enrollment (Spreadsheet Format)	1 Lic	\$ 860.00	12 (Months)																																																																									
<b>Part C: Internet Subscription</b>																																																																													
C1	12 Months 60GB Mobile Internet Sim-Card	10 pcs	\$ 200.00																																																																										
2	<table border="1"> <thead> <tr> <th>Item</th> <th>Description</th> <th>Qty</th> <th>U/Price</th> <th>Period</th> </tr> </thead> <tbody> <tr> <td colspan="5"><b>Part D: Software Installation</b></td> </tr> <tr> <td>D1</td> <td>Syn.AI Moving Site Vehicle Anti-Collision Gateway (Cloud Edition)</td> <td>1 Job</td> <td>\$ 1,500.00</td> <td></td> </tr> <tr> <td>D2</td> <td>Syn.AI Moving Site Vehicle Anti-collision Mobile Apps (Supervisor Version)</td> <td>1 Job</td> <td>\$ 600.00</td> <td></td> </tr> <tr> <td>D3</td> <td>Syn.AI Moving Site Vehicle Anti-collision Mobile Apps (Driver Version)</td> <td>10 Job</td> <td>\$ 600.00</td> <td></td> </tr> <tr> <td>D3</td> <td>Syn.AI Smart Helmet Enrollment Gateway</td> <td>1 Job</td> <td>\$ 1,500.00</td> <td></td> </tr> <tr> <td colspan="5"><b>Part E: Hardware Installation</b></td> </tr> <tr> <td>E1</td> <td>- Syn.AI M729BT Mobile RFID Controller with Battery</td> <td>10 Job</td> <td>\$ 3,800.00</td> <td></td> </tr> <tr> <td>E2</td> <td>- Syn.AI 6th Sense Anti-Collision Sensor</td> <td></td> <td></td> <td></td> </tr> <tr> <td>E3</td> <td>- Power Supply</td> <td></td> <td></td> <td></td> </tr> <tr> <td>E4</td> <td>- Testing and Commissioning</td> <td></td> <td></td> <td></td> </tr> <tr> <td>E5</td> <td>- 1/2 Days On-Site Training</td> <td></td> <td></td> <td></td> </tr> </tbody> </table>	Item	Description	Qty	U/Price	Period	<b>Part D: Software Installation</b>					D1	Syn.AI Moving Site Vehicle Anti-Collision Gateway (Cloud Edition)	1 Job	\$ 1,500.00		D2	Syn.AI Moving Site Vehicle Anti-collision Mobile Apps (Supervisor Version)	1 Job	\$ 600.00		D3	Syn.AI Moving Site Vehicle Anti-collision Mobile Apps (Driver Version)	10 Job	\$ 600.00		D3	Syn.AI Smart Helmet Enrollment Gateway	1 Job	\$ 1,500.00		<b>Part E: Hardware Installation</b>					E1	- Syn.AI M729BT Mobile RFID Controller with Battery	10 Job	\$ 3,800.00		E2	- Syn.AI 6th Sense Anti-Collision Sensor				E3	- Power Supply				E4	- Testing and Commissioning				E5	- 1/2 Days On-Site Training				<p>refer to the description</p>															
Item	Description	Qty	U/Price	Period																																																																									
<b>Part D: Software Installation</b>																																																																													
D1	Syn.AI Moving Site Vehicle Anti-Collision Gateway (Cloud Edition)	1 Job	\$ 1,500.00																																																																										
D2	Syn.AI Moving Site Vehicle Anti-collision Mobile Apps (Supervisor Version)	1 Job	\$ 600.00																																																																										
D3	Syn.AI Moving Site Vehicle Anti-collision Mobile Apps (Driver Version)	10 Job	\$ 600.00																																																																										
D3	Syn.AI Smart Helmet Enrollment Gateway	1 Job	\$ 1,500.00																																																																										
<b>Part E: Hardware Installation</b>																																																																													
E1	- Syn.AI M729BT Mobile RFID Controller with Battery	10 Job	\$ 3,800.00																																																																										
E2	- Syn.AI 6th Sense Anti-Collision Sensor																																																																												
E3	- Power Supply																																																																												
E4	- Testing and Commissioning																																																																												
E5	- 1/2 Days On-Site Training																																																																												

3	<p>Module set price may depend on project scale. AI monitoring for authorisation zone : HK\$35,900 per year Anti-Collision for Moving Site Vehicle : HK\$55,100 per year Facial authentication moving plant control : HK\$21,300 per year</p> <p>Each modules including :</p> <ul style="list-style-type: none"><li>- Unlimited storage and user account for dashboard</li><li>- On-site installation</li><li>- 1-day training for 5 persons per module</li></ul>	refer to the description
